

Top Freezer Refrigerator

This refrigerator features a two-door design with a freezer compartment on top and a refrigerator compartment below. It is designed for household use and provides cooling and freezing capabilities for food storage.

Product Overview

Reliable Cooling Solution

This top-freezer refrigerator is designed to provide efficient cooling and freezing capabilities for household food storage. Featuring a classic two-door configuration, it offers a convenient layout with the freezer compartment positioned on top. Its distinct burgundy finish with a decorative floral pattern and silver trim makes it a stylish addition to any kitchen environment.
