

Top-Loading Household Washing Machine

This top-loading washing machine is designed for household use. Its compact design incorporates a transparent lid, a user-friendly control panel with multiple buttons, and a digital display.

Product Overview

Compact Household Washing Solution

The XQB55-28Z (58E) is a reliable top-loading washing machine engineered for efficient household laundry management. Its space-saving design makes it an ideal fit for modern homes with limited utility space, while the transparent lid allows for easy monitoring of cycles. Featuring an intuitive digital interface, this unit balances performance with user-friendly operation to meet daily washing needs.
