

Top-Loading Washing and Drying Machine

This top-loading machine efficiently washes and dries clothing. It features a durable white body with a silver-tone top panel and a blue transparent lid.

Product Overview

Efficient Integrated Laundry Solution

This top-loading washing and drying machine is designed for seamless laundry care, combining washing and drying capabilities into one robust unit. Featuring a durable white-colored exterior with a sophisticated silver-tone top panel and a transparent blue lid, it blends functionality with modern aesthetics. The intuitive control panel, equipped with multiple function buttons and a clear digital display, ensures ease of operation for professional laundry environments.
