

Top Loading Washing and Drying Machine

This washing and drying machine features a top-loading design and automatic programs. The built-in drying function makes it suitable for small to medium loads.

Product Overview

Compact Washing and Drying Solution

The XQB28-827 is a highly efficient top-loading washing and drying machine designed for modern household needs. Its space-saving compact design makes it an ideal choice for small to medium-sized laundry loads without compromising performance. With integrated washing and drying functions, this machine offers a seamless transition from cleaning to drying, saving both time and effort for the user.
