

# Top-Loading Washing and Drying Machine

This top-loading machine efficiently washes and dries clothing. Its compact design is suitable for use in small spaces.

## Product Overview

### Efficient Laundry Solution

The XQD65-Q631U is a versatile top-loading washing and drying machine engineered for modern laundry needs. Its compact design makes it an ideal choice for households with limited space, providing both washing and drying functionalities in a single unit. The white exterior and transparent lid offer a clean aesthetic and functional convenience for monitoring every cycle.

## Technical Specifications

### Key Features

- Compact design for small spaces
- Transparent observation lid
- Durable white exterior finish
