

Top-Loading Washing Machine

This top-loading washing machine is designed for efficient laundry care. Its capacity is suitable for small to medium-sized loads, and it offers a range of wash cycles and settings.

Overview

Compact Laundry Solution

The XQB52-338A is a compact top-loading washing machine engineered for efficient laundry care in limited-space environments. Featuring a versatile range of wash cycles, it accommodates various fabric types and soil levels with ease. Its durable construction and user-friendly control interface ensure reliable operation, while the transparent lid allows for convenient progress monitoring.

Performance
