

Top-Loading Washing Machine

This top-loading washing machine is designed for household use. It features a control panel, multiple wash cycles, a transparent lid, and a compact design.

Overview

Compact Top-Loading Efficiency

This top-loading washing machine is engineered for versatility and convenience in smaller living spaces. The design incorporates a user-friendly control panel offering multiple wash cycles to handle diverse laundry needs effectively. Its transparent lid provides clear visibility for monitoring your wash in progress, ensuring optimal care for your garments.
