

Top-Loading Washing Machine

This top-loading washing machine is designed for efficient and convenient laundry care. It features user-friendly controls for selecting wash cycles and settings.

Product Overview

Efficient Laundry Performance

This top-loading washing machine is engineered for reliable laundry care with a focus on convenience and efficiency. Its compact footprint makes it an ideal solution for various spatial constraints, while the intuitive control interface allows for seamless selection of wash cycles. Designed to handle diverse fabric types and soil levels, it offers versatile performance for professional or residential environments.

Key Features

Cleaning & Maintenance

- Multiple customizable wash programs
- Integrated lint filter to capture debris
- Transparent lid for process monitoring
