

Top-Loading Washing Machine

This top-loading washing machine is designed for household use and features a user-friendly control panel. It offers a variety of wash cycles to accommodate different fabric types and soil levels.

Overview

High-Efficiency Top-Loading Washer

This top-loading washing machine is engineered for reliable, efficient household performance. Its compact footprint makes it an ideal solution for smaller living spaces without compromising on wash quality. Featuring a versatile control panel and robust motor, it offers multiple cycles tailored to handle diverse fabric types and varying soil levels effectively.

Performance

Load Capacity	6 kg
Key Features	User-friendly controls, Durable construction, Variable wash cycles
