

Top-Loading Washing Machine

This top-loading washing machine is designed for efficient laundry cleaning. It features user-friendly controls and a durable construction for ease of operation.

Product Overview

Professional Top-Loading Solution

The ZW-9000BTT is a top-loading washing machine engineered for high efficiency and reliable performance. Its durable construction is paired with intuitive, user-friendly controls, making it suitable for professional environments that require consistent results. The compact footprint allows for seamless integration into smaller spaces without compromising on cleaning effectiveness.

Operational Features

Cycle Options

- Multiple wash cycles
- Variable water level settings

Mechanical Design

Design Specifications

Top-Loading, Compact Design, Durable Construction

Performance

Motor Capability

Equipped with a high-performance motor for effective washing and optimized spinning cycles.
