

Top-Loading Washing Machine with Digital Controls

This top-loading washing machine features a digital control panel. The machine has a white body with blue and silver trim.

Overview

Efficient Top-Loading Design

This top-loading washing machine is designed for seamless integration into modern laundry spaces. Featuring an intuitive digital control panel, it offers precise management of washing cycles and settings to suit various garment types. The durable, rectangular white body with blue and silver accents provides a clean, professional aesthetic suitable for both residential and light commercial environments.
