

Top-Loading Washing Machine with Digital Display

This top-loading washing machine features a durable, rust-proof plastic housing. It has a wide-screen digital display with multiple wash cycle options and music prompts.

Product Overview

Rugged Design for Diverse Environments

This top-loading washing machine is engineered for versatility, specifically designed to function reliably in areas with fluctuating power and water supplies. It features a user-friendly digital display and simplified controls that ensure ease of operation. With high-efficiency rinsing and dehydration performance, it provides a consistent and thorough cleaning experience suitable for diverse household needs.

Technical Capabilities

Voltage Fluctuation Adaptability

187 V

Min Voltage

250 V

Max Voltage

Operating Water Pressure

0.03 Mpa

Min Pressure

0.85 Mpa

Max Pressure

Performance Standards

Rinse Liquid Residue	d 0.036 × 10 ⁻² mol/L
Dehydration Moisture Content	84 %

Usability Features

Key Features

- Digital control panel
- Simplified, intuitive iconography
- Concise user manual included
- Durable exterior construction
