

Top Mount No Frost Refrigerator

This top mount no frost refrigerator features a metal door. It measures 550x600x1670 mm (WxDxH) and is available in inox, silver, black, and white.

Product Overview

Advanced Cooling Technology

This top mount refrigerator features dual inverter cooling technology, ensuring optimal temperature management and efficiency. Designed with a total no-frost system, it eliminates the need for manual defrosting while maintaining a stylish and organized interior. Its robust construction includes a metal back for added safety, making it a reliable choice for modern kitchen environments.
