Product Overview

High-Efficiency On-Demand Heating

This tankless gas water heater offers a modern, space-saving solution for residential hot water needs. Featuring intuitive touch controls and a clear digital temperature display, it ensures precise operation and convenience. Designed for efficiency and reliable performance, this unit provides consistent hot water on demand without the need for a storage tank.

Performance Metrics

Hot Water Capacity

13 L/min

Capacity

16 L/min

Capacity

18 L/min
