

Tower Evaporative Air Cooler with Digital Display

This tower air cooler features a sleek design with a digital display and integrated water tank. It provides efficient cooling through evaporative technology, utilizing a vertical air outlet for optimal air distribution.

Product Overview

Tower Evaporative Air Cooler

This tower evaporative air cooler utilizes advanced cooling technology to provide fresh, humidified air for your environment. Featuring a sleek design with an intuitive LED digital display, it offers versatile operation with five distinct fan settings and a 60-degree oscillation range. Designed for convenience and safety, the unit includes a water shortage alarm, a programmable timer, and remote control operation.
