Product Overview

High-Efficiency Tower Heater

This modern tower PTC ceramic fan heater is designed to provide rapid and efficient supplemental heating for home or office environments. Equipped with a versatile oscillating function and dual heat settings, it ensures even distribution of warmth across small to medium-sized spaces. With integrated safety features like a tip-over switch and thermal cut-out, it offers a reliable and secure heating solution.

Technical Specifications

Performance Metrics

1000 W

Low Heat Setting

2000 W

High Heat Setting

Electrical Requirements

220-240V 50Hz

Features & Functionality

Key Features

- Wide-angle oscillation
- 12-hour timer
- Adjustable thermostat
- Touch screen control panel
- Remote control included

Design & Portability

- Recessed carry handle
- Integrated casters
- Built-in cord storage

Safety & Compliance

Certifications

GS • CE • LVD • EMC • RoHS • REACH • ErP

Safety Mechanisms

Overheat Protection, Safety Thermal Cut-out, Tip-over Switch

Logistics

Container Loading (20'/40'HQ)

600/1500 sets
