

Tower Speaker for iPad

This tower speaker is designed for use with iPads, enhancing the audio experience with rich and clear sound. Its design saves space while adding elegance to any room.

Product Overview

High-Performance Tower Speaker System

Elevate your audio experience with this sleek, floor-standing tower speaker specifically engineered for Apple devices. Featuring a robust 45W RMS total output, it combines a dedicated subwoofer with high-powered full-range drivers for rich, balanced sound. Designed for both performance and convenience, it serves as a central media hub that simultaneously plays and charges your device.
