

# Tractor-Mounted Flail Mower

This flail mower attaches to 80-120hp tractors for efficient cutting. It features a protectable chain on the front and rear for enhanced safety during operation.

## Product Overview

### Professional Agricultural Mowing Solution

This tractor-mounted rotary mower is engineered for efficient maintenance of large grassy areas, including farms, ranches, parks, and roadway verges. Designed with safety in mind, it features protective front and rear chains to shield operators from debris. With a robust 3-gearbox drive system and options for high-grade 65Mn steel knives or disc cutters, it provides versatile and reliable performance for demanding agricultural tasks.

## Technical Specifications

### Model Comparison

Specification	9GSX-2.8	9GSX-3.0
Working Width (mm)	1400	1600
Working Depth (mm)	30-50	30-50
Total Weight (kg)	850	920
Matched Power (hp)	80	100

## Operational Details

### PTO Requirements

**540 r/min**
