## Product Overview

### Compact Travel Charging Solution

This versatile travel charger is designed for professionals on the go, offering reliable power for a wide range of mobile devices. With dual USB output ports and a universal input voltage range, it ensures compatibility across different regions and devices. Its compact form factor makes it an ideal accessory for international travel, supporting efficient charging for smartphones, tablets, and portable electronics.

## Technical Specifications

Input Voltage	100-240V AC
Input Frequency	50/60Hz
Output Voltage	5 V
Output Current	2.1 A

## Connectivity

Output Ports	2
Port Type	USB
Plug Type	US

## Compatibility

### Supported Devices

- Android Devices
- iPhone
- Type-C Devices
- iPad
- PSP
- GPS

## Compliance

### Certifications

CE

### Manufacturing Origin

China
