Overview

Versatile Tray Sealing Solution

This manual tray sealing machine offers a reliable, manual-operation solution for packaging a wide variety of goods, from fresh food to medical instruments. Constructed with durable 304 stainless steel, it is designed for environments requiring high hygiene standards. Featuring digital temperature control, it provides consistent results with a simple manual sealing cycle.

Performance Metrics

Operational Specs

0.5 kW

Power Output

13.1 kgs

Machine Weight

Technical Specifications

Machine Dimensions

Metric	Value
External Dimensions	565 x 238 x 265 mm
Max Tray Size	200 x 140 x 50 mm

Electrical Requirements

110/220V 50-60Hz

Compliance & Applications

Suitable Industries

- Fresh & Processed Meat
- Seafood
- Agriculture & Vegetables
- Prepared Foods
- Medical Instruments
- Hardware Products

Certifications

CE, UL, ISO 9001, IEC
