Product Overview

Versatile Multi-Door Cooling Solution

This triple-door refrigerator is designed for optimal food preservation and organized storage, featuring separate compartments for fresh produce, beverages, and frozen goods. With advanced anti-bacterial nanotechnology, your food remains fresh for longer while the energy-efficient cooling system keeps operational costs low. The unit is built with high-density foaming techniques to maximize internal capacity without increasing the exterior footprint.

Technical Specifications

Refrigerator Capacity	90 L
Freezer Capacity	48 L
Voltage/Frequency	220V/50Hz, 110V/60Hz
Refrigerant	R600a, R134a

Logistics & Dimensions

Packing Dimensions	500 x 500 x 1560 mm
Loading Capacity (40HQ)	152 PCS
