

Triple Wooden Picture Frame with Metal Accents

This decorative picture frame features three square wooden frames. It is supported by a wooden base and connected by a metal rod structure.

Product Overview

Elegant Triple Photo Display

This triple picture frame combines the warmth of wood with the modern aesthetic of metal accents, creating a sophisticated display for your photographs. Designed as a single, cohesive unit, it features three square frames supported by a sturdy horizontal wooden base. The unique metal rod structure connects the frames, offering a stylish and contemporary way to showcase multiple memories in one place.
