

# Triplex Mud Pump Liner for IDECO T-1600

This premium liner is designed for IDECO T-1600 triplex mud pumps. It is manufactured with high-strength materials for enhanced durability and resistance to wear and corrosion.

## Product Overview

### High-Performance Mud Pump Liner

This premium liner is precision-engineered for use with IDECO T-1600 triplex mud pumps. Manufactured to meet rigorous industry standards, it is designed for enhanced durability and superior resistance to wear and corrosion in demanding drilling environments. Its robust construction ensures efficient pumping performance, helping to reduce operational downtime and extend service life.

## Compliance and Quality

Certifications	API 7K, ISO 9001:2008
API Certificate Number	7K-0261

## Compatibility

### Compatibility

- National Oilwell
- Gardner Denver
- Weatherford International / Ellis Williams
- Mud King
- American Manufacturing
- Baker SPD
- Southwest Overseas
- Emsco
- BOMCO/Baoji
- LS National
- Ideco
- Wirth
- OPI
- Wilson
- Gaso
- Skytop/Brewster
- Drillmec
