

# Triplex Plunger Pump 1600 PSI

This high-pressure triplex plunger pump is designed for demanding applications. It features a robust construction with a brass pump head and durable plungers.

## Product Overview

### High-Performance Triplex Plunger Pump

The 3WZ-1600A is a high-pressure triplex plunger pump engineered for demanding industrial cleaning, washing, and spraying applications. Featuring a robust brass pump head and durable plungers, this unit ensures reliable performance and an extended service life in harsh operating environments. Its compact design and versatile configuration options allow for easy integration into both stationary and mobile equipment.

## Performance Metrics

### Maximum Pressure

**1600 PSI**

Max Pressure

## Technical Specifications

### Key Materials

- Brass pump head
- Durable plungers

### Maintenance

Easy Maintenance

<b>Pump Type</b>	Triplex Plunger Pump
<b>Drive Configurations</b>	Direct Drive, Belt Drive
