Product Overview

Robust Protection for Heavy Vehicles

This high-quality truck and trailer mudguard is engineered for durability and reliable performance in demanding road conditions. Constructed from impact-resistant plastic, it offers superior protection against road debris, mud, and water spray. The design includes integrated reflectors for enhanced visibility and safety, ensuring long-lasting protection for your vehicle's bodywork in all weather environments.

Technical Specifications

Material	High-quality impact-resistant plastic
Safety Features	Reflector included, Textured surface, Corrosion resistant, UV resistant

Application

Compatible Vehicles

- Commercial Trucks
- Trailers
