Product Overview

Professional Truck Tire Changer

This robust truck tire changer is engineered for heavy-duty garage environments, offering reliable operation for rims ranging from 14 to 26 inches. It features a sophisticated hydraulic system for precise control over the tool bracket, lifting arm, and gripper, ensuring consistent clamping force. With a focus on safety and durability, the machine utilizes a 24V low-pressure control system and an integrally welded guide rail for smooth, deformation-free performance.
