Product Overview

Professional Wood Cutting Solution

This Tungsten Carbide Tipped (TCT) saw blade is engineered for high-performance wood cutting applications. Featuring a durable hardened steel body and precision-ground teeth, it ensures clean, smooth, and efficient cuts. The inclusion of expansion slots helps effectively reduce noise and vibration during operation, making it suitable for circular saws, miter saws, and table saws.

Technical Specifications

Diameter Range	110mm - 700mm
Surface Finish	Bright

Logistics & Supply

Monthly Capacity

200000 pcs/month

Supply Capacity

Minimum Order Quantity	1000 pcs
Standard Lead Time	30 days after deposit

Packaging Options

Available Packaging

- Single piece / PVC bag
- Single piece / Double Blister
- Single or three pcs / cardboard box
