Overview

High-Performance Turbocharger Intercooler

This high-performance intercooler is engineered to enhance engine efficiency by effectively cooling the intake air charge. Designed for optimal heat transfer, its robust core construction ensures reliability even under high boost and demanding conditions. The unit provides a direct-fit replacement, facilitating straightforward installation and seamless integration into compatible vehicle systems.

Compatibility

| | |
|---------------------|-----------------|
| Vehicle Application | MITSUBISHI L200 |
| Model Year | 2007 |
| OEM Reference | MN135001 |
| Cross Reference | NISSENS 56181 |

Technical Specifications

Core Dimensions

275 mm
Core Length

163 mm
Core Width

Water Tank Dimensions

69/69*172.5 mm
