Product Overview

High-Performance Turbocharger Intercooler

This high-performance intercooler is engineered to significantly improve the efficiency and power output of turbocharged engines. By utilizing a robust bar-and-plate core construction, it ensures maximum heat dissipation and minimal pressure drop. Designed as a direct-fit replacement, it provides optimal cooling for compressed air, leading to increased horsepower, torque, and overall engine reliability under demanding conditions.

Vehicle Compatibility

Compatible Vehicle	MITSUBISHI TRITON/L200
Model Year	2015

Technical Specifications

Core Size	575 x 157 mm
Tank Size	63/63 x 161 mm

Reference Numbers

OEM Reference	1530A161
Nissens Reference	56197
Internal Reference Number	56197
