

TV Satellite Socket Outlet 45-Degree

This TV satellite socket outlet is a supplemental and necessary wiring device. Its smooth lines, soft corners, glossy surface and pure white color provide an aesthetic design.

Product Overview

Professional TV & Satellite Connectivity

This 1 Gang TV Satellite Socket Outlet features a unique 45-degree angled design, engineered to provide convenient cable insertion and reduced strain on connections. Constructed from high-polymer PC material, the unit offers superior resistance to impact, heat, and discoloration, ensuring long-term durability. Its elegant, concealed-screw design and clean white finish make it an ideal choice for modern commercial buildings, hotels, and residential spaces.
