

# Twin Tub Washing Machine

This twin tub washing machine features separate wash and spin cycles. It is equipped with an adjustable wash timer, water level selector, and a durable plastic body.

## Product Overview

### High-Capacity Twin Tub Solution

This 9kg twin tub washing machine offers a high console design for convenient operation and improved ergonomics. Designed for efficiency and durability, it features a dual-layer construction and dual water inlets to streamline the laundry process. Its compact yet spacious design makes it an ideal choice for professional environments requiring reliable, manual-control cleaning cycles.
