

Twin Tub Washing Machine

This twin tub washing machine is a compact appliance designed for washing and spin-drying. It features separate tubs for simultaneous operation and has a capacity of 6.8 kg.

Product Overview

Compact and Efficient Twin Tub Design

The XPB68-82S twin tub washing machine offers a space-saving solution for efficient laundry management. Featuring separate compartments for washing and spin-drying, it allows for simultaneous operations to save time and energy. Its durable, portable construction makes it an ideal choice for apartments, dormitories, or mobile living environments.
