

Twin Tub Washing Machine

This twin tub washing machine features separate tubs for washing and spinning. Its compact design makes it suitable for smaller spaces.

Product Overview

Efficient Twin Tub Laundry Solution

The XPB120-100S-A is a robust twin tub washing machine designed for high-capacity laundry needs, featuring a 12.0kg wash capacity and 7.2kg spin capacity. Its double-layer design ensures durability, while the powerful motor configuration delivers effective cleaning performance. This versatile machine is built to accommodate various electrical standards and offers optional features like a water drain pump for enhanced convenience.
