

Twin Tub Washing Machine

This twin tub washing machine has separate washing and spin-drying compartments. It is designed for compact spaces and provides a practical laundry solution.

Overview

Compact Twin Tub Efficiency

This twin tub washing machine is engineered for high-performance cleaning in compact environments. Featuring separate compartments for washing and spin-drying, it allows for simultaneous operations to maximize productivity. The unit is constructed with a durable plastic body designed to withstand rigorous daily use while maintaining user-friendly controls for cycle management.

Key Features

Model Identifier	XPB70-8080S
Advantages	Twin Tub Design, Durable Construction, Efficient Motor, Compact Design

Performance Metrics

Cycle Management

- Adjustable Wash Cycle
- Adjustable Spin Cycle
