

Twin Tub Washing Machine

Twin tub washing machine designed for efficient laundry processing. It features separate tubs for washing and spin-drying, allowing for simultaneous operation.

Overview

Efficient Twin Tub Solution

The XPB90-822S-G1 is a high-capacity twin tub washing machine engineered for efficient laundry processing. By featuring separate tubs for washing and spin-drying, it allows for simultaneous operation to save time during busy cycles. Its durable, compact construction makes it a reliable choice for families requiring high performance in smaller floor spaces.
