

# Twin Tub Washing Machine with Separate Wash and Spin Tubs

This twin tub washing machine features separate tubs for washing and spin-drying. The machine has a durable plastic body with a grey base and is equipped with wheels for easy portability.

## Product Overview

### Efficiency Meets Durability

This twin tub washing machine offers a practical, dual-tub design that separates washing and spin-drying operations for maximum efficiency. Built for professional and heavy-duty use, the unit combines a lightweight, portable structure with robust wash and spin performance. Its versatile power compatibility makes it a flexible solution for various international markets.
