

Twin Tub Washing Machine with Spin Dryer

This twin tub washing machine has separate compartments for washing and spin-drying. It features control knobs to adjust wash time and spin cycles and includes a drainage hose.

Overview

Compact Twin Tub Efficiency

This twin tub washing machine provides an efficient solution for laundry needs with separate dedicated tubs for washing and spinning. Its space-saving design is engineered for compact environments without compromising on performance. Featuring intuitive manual control knobs, it allows users to precisely manage wash and spin cycles for optimal energy and water usage.
