

Two-Cup Electric Drip Coffee Maker

This compact coffee maker is designed for brewing two cups of coffee simultaneously. It features a top-mounted water reservoir, a swing-out filter basket, and a dual-spout design.

Product Overview

Compact Dual-Cup Brewing Solution

This electric drip coffee maker is designed to streamline your morning routine by brewing two cups of coffee simultaneously. Its space-saving, compact footprint makes it an ideal addition to small kitchens, studio apartments, or office breakrooms. Built for convenience, it features a user-friendly swing-out filter basket and a simple illuminated power switch for intuitive operation.
