## Product Overview

### Vintage Style, Modern Efficiency

This two-door retro-style refrigerator seamlessly blends classic 1950s aesthetics with modern cooling technology to provide a stylish storage solution for any professional or commercial setting. Featuring a vibrant finish and signature chrome accents, the unit offers a total capacity of 295 liters, divided into a spacious 224L refrigerator section and a 71L freezer compartment. With adjustable glass shelves, dedicated door balconies, and a moisture-controlled vegetable crisper, this appliance ensures food safety and optimal organization.
