

Two-Door Top-Freezer Refrigerator

This refrigerator is a freestanding model with two doors. It features a top refrigerator compartment and a bottom freezer compartment.

Product Overview

Professional Two-Door Refrigerator

This freestanding two-door refrigerator is designed for reliability and efficiency in standard professional or household environments. Featuring a classic top-freezer configuration, it provides convenient access to both chilled and frozen storage zones. The durable metallic exterior finish ensures it remains a robust, long-lasting addition to any space.
