

Two-Door Top-Freezer Refrigerator

This refrigerator features a top freezer compartment and a larger refrigerator compartment. It has adjustable legs for leveling and includes shelves and compartments for organized food storage.

Overview

Professional Top-Freezer Refrigerator

This two-door refrigerator features an intuitive top-freezer design paired with a spacious lower refrigeration compartment. Engineered with a clean, minimalist aesthetic and a high-quality glossy finish, it provides both style and reliability for modern professional environments. The inclusion of adjustable leveling legs and integrated organizational shelving ensures versatile installation and efficient storage management for daily operations.
