

Two-Door Top-Freezer Refrigerator

This two-door refrigerator features a top freezer compartment and a bottom refrigerator compartment. It is equipped with efficient cooling technology to maintain optimal temperature and humidity levels, keeping food fresh for longer.

Product Overview

Integrated environmental temperature transmitter for automatic seasonal adjustment.

Efficiency Meets Intelligent Design

This two-door top-freezer refrigerator combines sleek aesthetics with advanced energy-saving technology. Featuring a durable mirror-finish tempered glass panel and an intuitive automatic temperature compensation system, it is engineered for consistent performance across varying environmental conditions. The interior is illuminated by energy-efficient LED lighting, ensuring clear visibility while reducing heat buildup.

Key Features

Highlights

Energy Saving, Mirror Finish, LED Lighting, Automatic Temperature Compensation, Tempered Glass Panel

Technical Specifications

Performance Metrics

Metric	BCD-197CHG2A	BCD-207CHG2A
Net Volume (L)	197	207
Deep Freezing Volume (L)	68	68
Rated Input Power (W)	100	100
Energy Consumption (Kw.h/24h)	0.34	0.37
Star Rating	3	3

Energy Efficiency

Efficiency Technologies

- High efficient compressor
- R600a refrigerant
- Optimized refrigeration system
- Double door gaskets
- Ultra-thick insulation
