

Two-Door Top Freezer Refrigerator

This refrigerator is a household appliance designed for cooling and preserving food. It features a two-door design with a freezer compartment on top and a refrigerator compartment below.

Product Overview

Compact Two-Door Refrigeration Solution

This two-door top freezer refrigerator is an ideal solution for efficient food preservation in compact environments. Featuring a total capacity of 113 liters, it balances a 74-liter refrigerator compartment with a 39-liter freezer section. With a flexible design that includes options for pre-coating metal or stainless steel finishes, this unit is built to fit seamlessly into professional or residential spaces.
