

Two-Lamp Bathroom Heater

This bathroom heater is equipped with two lamps for efficient heating. It is designed for wall mounting to provide warmth in bathrooms.

Overview

Efficient Bathroom Climate Control

This two-lamp bathroom heater provides a versatile 3-in-1 solution, combining heating, lighting, and ventilation in a single ceiling-mounted unit. Designed for spaces between 10 and 20 square meters, it ensures rapid warmth and effective air circulation for a comfortable bathroom environment. The sleek white finish and compact design allow it to integrate seamlessly into modern residential or commercial bathroom interiors.
