

# Two-Slice Electric Toaster

This two-slice toaster is designed for toasting bread and other similar food items. It features a brushed silver metallic body with black plastic end panels, a browning control dial, and a stop button.

## Product Overview

### Professional Bread Toaster

This electric toaster is designed for efficient 4-slice operation, featuring a versatile voltage range compatible with both 110-127V and 220-240V systems. With a powerful 1300W heating element, it ensures rapid and even browning for consistent results. The unit includes user-friendly controls such as a 7-level browning dial and a convenient stop function, making it an essential addition to any kitchen environment.

## Technical Specifications
