

# Two-Slice Electric Toaster

This is a two-slice toaster with a silver finish. It features multiple browning settings controlled by a knob, as well as buttons for defrost, reheat, and cancel functions.

## Product Overview

### Professional Two-Slice Toaster

This high-quality two-slice toaster features a durable silver finish and a sleek, modern design suitable for any professional kitchen or breakroom setting. It offers versatile browning control via an intuitive knob, ensuring consistent results for bread, bagels, and pastries. With integrated defrost, reheat, and cancel functions, this unit combines efficiency with ease of maintenance thanks to its removable crumb tray.
