

Two-Slot Bread Toaster

This is a two-slot toaster for bread. It features a lever to lower bread into the heating elements.

Product Overview

Sleek and Efficient Toasting

This two-slot bread toaster features a modern red and black aesthetic designed to complement any professional or home kitchen. Equipped with a side lever mechanism for easy bread lowering and visible internal heating elements, it ensures consistent results for daily use. Its durable build and sleek design make it a versatile addition to any food preparation area.
