

UL Standard Electrical Connector

This electrical connector is suitable for various electric appliances. It adheres to UL/CUL standards for plugs and power cords.

Product Overview

Industrial-Grade UL Standard Connector

This heavy-duty electrical connector is designed to meet rigorous safety and performance standards for industrial and commercial power distribution. Engineered for reliability, the unit supports versatile current ratings and is built for secure, consistent connectivity. Featuring an robust construction, it ensures stable power transmission for demanding electrical applications.

Technical Specifications

Model Number	XR-306
NEMA Standard	NEMA 6-50R
Compliance Standards	UL817, CSA C22.2

Performance Metrics

Rated Current Options

- 20A
- 30A
- 40A
- 50A

Rated Voltage Options

- 125V
- 250V

Certifications & Logistics

Approvals

UL • CUL

Port of Loading

- Shunde
- Guangzhou
- Shenzhen

Minimum Order Quantity	1000 pieces
