Product Overview

Compact Ultrasonic Aroma Diffuser

This ultrasonic aroma diffuser efficiently combines air humidification with aromatherapy to create a soothing environment. It utilizes high-frequency ultrasonic technology to disperse a fine, consistent mist, making it ideal for improving air quality in homes, offices, or spa settings. Designed with a compact footprint and durable construction, it provides a quiet and reliable solution for personal wellness.

Technical Specifications

Ultrasonic Frequency	2.4 MHz
Water Tank Capacity	120 mL
Mist Output	25 mL/h
Material	PP

Performance Metrics

Usable Area

15 m² Aroma Coverage	8 m² Humidification Coverage
---	---

Dimensions & Weight

Product Dimensions	100 x 100 x 140 mm
Net Weight	200 g
