

# Ultrasonic Cool Mist Chimney Humidifier

This ultrasonic humidifier increases ambient humidity by generating a cool mist. It features a chimney-like design that efficiently disperses mist into the surrounding environment.

## ADDITIONAL IMAGES

## Product Overview

### Efficiency Meets Comfort

The KHC-7909 Ultrasonic Cool Mist Humidifier is designed to provide optimal air quality for homes and offices. Featuring a unique chimney-like structure for efficient mist dispersal and a generous 3.1L water tank, it ensures long-lasting operation. With its quiet motor, touch-switch interface, and integrated safety shut-off, this unit offers a reliable and user-friendly humidification solution.

## Performance Metrics

### Mist Output Levels

**90 ml/h**

Low Mist

**150 ml/h**

Medium Mist

**200 ml/h**

High Mist

## Technical Specifications

### Power Consumption

Setting	Consumption
Low	12W
Medium	16W
High	20W

Tank Capacity	3.1 L
Operating Voltage	100-250V
Noise Level	<32dB
Safety Features	Water Shortage Auto-Cut, DC Motor, Touch Switch

## Physical Dimensions

Product Dimensions	320 x 150 x 230 mm
Net Weight	2 kg
